

MURMUR

SPRING / SUMMER 2019

Setting new sensual rituals while playing with transparency and undressing, MURMUR is about translating sensuality and daring femininity into pret-a-porter.

MURMUR designer Andreea Badala reached out to her obsession for lingerie details. This time, she brought the built-in undergarments of the 1950s couture dresses on the outside, in a sleek and modern aesthetic, and turned lingerie accessories into fashionable details of ready-to-wear.

As in every MURMUR collection, there is a focus on the way a garment is unfastened. The ritual of undressing is a constant theme in MURMUR and always a dialogue between the woman who wears the garment and the one who admires her.

SIGNATURE 2019

A selection of the most iconic MURMUR pieces, coupled into a Signature Summer capsule. Those striking pieces worn by VIPs like Madonna, Beyoncé, Kylie Jenner, Miley Cyrus or Katy Perry are now adapted as to be easier to wear and to match the color palette of the SPRING/SUMMER 2019 collection: from milky whites to powdery pinks and striking violet, from stonewashed black denim with nude hues to the darkest black.
